

Expedited Hearings and Emergency Motions

Motions for expedited hearings should be filed separately from the motion to be heard. The motion should allege facts showing the need to hold a hearing with less advanced notice to respondents and other parties in interest than the Federal Rules of Bankruptcy Procedure otherwise require.

To obtain a hearing date and time on an emergency motion, contact Joy Jackson, Courtroom Deputy Clerk, at 404-215-1013. Be prepared to tell her how much time will be required. It is the attorney's responsibility to serve, in the most expeditious manner possible, a notice of the hearing on the emergency motion on the respondent(s) and other interested parties and to file a certificate of service prior to or at the hearing.
