

CM/ECF Administrative Procedures

United States Bankruptcy Court
Northern District of Georgia

www.ganb.uscourts.gov

Introduction

These CM/ECF Administrative Procedures ("Procedures") are designed to assist attorneys and others who file with the United States Bankruptcy Court, Northern District of Georgia ("Court"), by setting forth basic procedures for filing documents under the Court's Case Management – Electronic Case Filing System ("CM/ECF" or "CM/ECF System"). These procedures address processes for filing documents by electronic transmission using CM/ECF. The Procedures apply to all documents filed in this Court and govern access to, and usage of, the CM/ECF System and supplement Bankruptcy Local Rules 5005-5 through 5005-9.

The Court anticipated adoption of these Procedures in drafting the Court's Local Rules. However, the Local Rules do not address many of the technical requirements specified in the Procedures. It is therefore important for those filing documents with this Court to review these materials as well as the Local Rules and become familiar with the contents. These Procedures are critical to CM/ECF training but are in no way a summary or substitute for the detailed, step-by-step filing instructions contained in the online Procedures Manual used in formal CM/ECF training. The complete external user's version of the online Procedures Manual is available at <http://www.ganb.uscourts.gov>.

This document is not a comprehensive guide to all aspects of the CM/ECF System as it cannot address every contingency which may arise during the course of filing documents. Any questions about these Procedures may be directed to the Court's CM/ECF Help Desk **by email at ecf_helpdesk@ganb.uscourts.gov or by calling** (404)215-1000. When the automated attendant answers, press option 2, then option 1 for CM/ECF Help.

Enabling Rules

	Fed. R. Bank. P. 5005(a)(2)	Filing by Electronic Means. A court may by local rule permit documents to be filed, signed, or verified by electronic means that are consistent with technical standards, if any, that the Judicial Conference of the United States establishes. A document filed by electronic means in compliance with a local rule constitutes a written paper for the purpose of applying these rules, the Federal Rules of Civil Procedure made applicable by these rules, and § 107 of the Code.
	Fed. R. Bank. P. 9036	Notice by Electronic Transmission. Whenever the clerk or some other person as directed by the court is required to send notice by mail and the entity entitled to receive the notice requests in writing that, instead of notice by mail, all or part of the information required to be contained in the notice be sent by a specified type of electronic transmission, the court may direct the clerk or other person to send the information by such electronic transmission. Notice by electronic transmission is complete, and the sender shall have fully complied with the requirement of notice, when the sender obtains electronic confirmation that the transmission has been received.
	Bankruptcy Local Rule 5005-5.	Electronic Filing. The Clerk of the Bankruptcy Court may accept for filing documents submitted, signed, verified or served by electronic means that are consistent with technical standards, if any, that the Judicial Conference of the United States establishes and that comply with the administrative procedures established by the Bankruptcy Court.
	Bankruptcy Local Rule 5005-6	(a) Attorneys, Trustees, and Examiner. Any document filed by any attorney, any trustee or examiner serving in any case pending in the Bankruptcy Court, or the United States Trustee, shall be filed electronically, unless otherwise permitted by these Rules. (b) Exceptions to Electronic Filing. (1) Miscellaneous Documents, (2) Discretionary Exceptions, (3) Emergencies, (4) Inability to File Electronically, (5) Documents under seal.
	General Orders	From time to time the Court enters general orders governing the use of the CM/ECF system. All general and administrative orders may be viewed on the Court's web site.

Technical Requirements

- A personal computer with a current operating system and updated virus protection.
- An Internet connection. The faster the Internet connection, the easier CM/ECF is to use. It is recommended that participants obtain fast access to the Internet using DSL, cable or T-1 lines.
- A scanner. Documents that are not on a participant's computer in the form of word processing files must be scanned to be filed electronically.
- A printer.
- A word processing application. The Court standard is Microsoft Word which allows documents to be converted to the PDF format. Other word processors, such as WordPerfect, have this capability as well.
- Adobe Acrobat.
- An Internet browser. CM/ECF has been tested with Firefox and Internet Explorer 8 and 9.
- Petition Preparation software with the case upload feature. Even though it is not required, the increased productivity of professional Petition Preparation software with the case upload feature may justify the additional cost.
- A PACER account to access reports and documents in the CM/ECF database, in addition to a login and password issued by the Court.
- A valid credit or debit card acceptable for payment of filing fees via CM/ECF.

Scanning

Scanning Guidelines

- Resolution should be set to 200 dpi or a maximum 300 dpi.
- Image type should be set to black and white drawing (not gray scale or color).
- Scanned image output or save as format should be TIF (ideally compressed CCITT4).
- Check your scanner software manual for information on how to set output type.
- A test scan should be made and the file converted to PDF ready for upload to CM/ECF. The PDF conversion can be done with a software package such as Adobe Acrobat. Drag the scanned file onto the Acrobat icon and conversion is automatic. This conversion should not significantly increase the file size.
- **The PDF size may not exceed 35MB**

	Creditor Registration Form and signatures	<ul style="list-style-type: none"> Parties who are not attorneys may become Limited Participants in the Court's CM/ECF System for the purpose of filing electronically proofs of claims, transfers of claims, Certificates of Debtor Education, and reaffirmation agreements without the assistance of any attorney. At least one employee or agent of a Creditor who is to be responsible for uploading documents for that creditor must complete and submit the filer registration form which is available at the Court's website. Creditor Registration Form
		<ul style="list-style-type: none"> No person or entity shall cause a document to be filed electronically without the express authorization of the individual whose signature appears on the electronically filed document and the entity on whose behalf the document is being filed. The imaged /s/ or signature of the Responsible Person must appear on each document. In filing each document, the Filer certifies that (i) he or she is authorized to file the document by the entity on whose behalf the document is being filed, (ii) the Creditor is the same entity stated on that individual's application to use the CM/ECF System, and (iii) the Responsible Person whose signature appears on the document has authorized its filing. The Responsible Person who directs the filing of a document bears the same responsibility for the document and information provided therein as would be the case if the document were filed in paper form.
2	Training	<ul style="list-style-type: none"> A participant must complete the training provided by the Court and learn the basics using the training database before the Clerk will issue a login and password to the LIVE database. The CM/ECF Live password will not be assigned until a Participant has demonstrated sufficient aptitude in using CM/ECF, based on testing conducted by Court personnel. A new Participant should notify the Clerk's Office when testing requirements have been completed and/or submitted, so they can be reviewed. The CM/ECF Train database is a safe environment used to practice CM/ECF entries for new or unfamiliar events, train new employees, and to complete Court training requirements. https://ecf-train.ganb.circ11.dcn/cgi-bin/login.pl Training requirements may be waived for current CM/ECF participants in another Bankruptcy Court.
3	Use and Protection of Password	<ul style="list-style-type: none"> A participant may permit employees or other persons associated with the Participant to use the Participant's password. A new Participant should change the assigned password immediately upon receiving it. It is prudent to change a password periodically, especially after a change in office personnel who used it. A Participant whose password is used to electronically file a document thereby certifies that the Participant authorized the filing, and the use of the Participant's password constitutes the Participant's signature on the document filed, regardless of whether the signature is shown on the document. Unauthorized use of a password is prohibited. Any Participant having reason to believe that the security of an existing password has been compromised or that a threat to the Court's computer system may exist shall immediately notify the Clerk, the Chief Deputy Clerk or Systems Department Manager by telephone, and confirm the notice in writing, so as to prevent possible unauthorized access to the Court's computer System. If a Participant has any reason to suspect the password has been compromised, it is the Participant's duty to change the password immediately through the "Your Account", "Change My Password" option under the "Utilities" function of the CM/ECF System. Contact the CM/ECF Operations Help Desk for forgotten Login or Passwords.
