United States Bankruptcy Court  
Northern District of Georgia

[www.ganb.uscourts.gov](http://www.ganb.uscourts.gov)

Updated December 2018

## Introduction

These CM/ECF Administrative Procedures ("Procedures") are designed to assist attorneys and others who file with the United States Bankruptcy Court, Northern District of Georgia ("Court"), by setting forth basic procedures for filing documents under the Court's Case Management – Electronic Case Filing System ("CM/ECF" or "CM/ECF System"). These procedures address processes for filing documents by electronic transmission using CM/ECF. The Procedures apply to all documents filed in this Court and govern access to, and usage of, the CM/ECF System and supplement Bankruptcy Local Rules 5005-5 through 5005-9.

The Court anticipated adoption of these Procedures in drafting the Court's Local Rules. However, the Local Rules do not address many of the technical requirements specified in the Procedures. It is therefore important for those filing documents with this Court to review these materials and the Local Rules and become familiar with the contents. These Procedures are critical to CM/ECF training but are not a summary or substitute for the detailed, step-by-step filing instructions in the online Procedures Manual used in formal CM/ECF training. The complete external user's version of the online Procedures Manual is available at <http://www.ganb.uscourts.gov>.

This document is not a comprehensive guide to all aspects of the CM/ECF System as it cannot address every contingency which may arise while filing documents. Questions about these Procedures may be directed to the Court's CM/ECF Help Desk by email at [ecf\\_helpdesk@ganb.uscourts.gov](mailto:ecf_helpdesk@ganb.uscourts.gov) or by calling (404)215-1000. When the automated attendant answers, press option 2, then option 1 for CM/ECF Help.

## Enabling Rules

	<b>Fed. R. Bank. P. 5005(a)(2)</b>	<b>Filing by Electronic Means.</b> A court may by local rule permit documents to be filed, signed, or verified by electronic means consistent with technical standards, if any, that the Judicial Conference of the United States establishes. A document filed by electronic means in compliance with a local rule constitutes a written paper for the purpose of applying these rules, the Federal Rules of Civil Procedure made applicable by these rules, and § 107 of the Code.
	<b>Fed. R. Bank. P. 9036</b>	<b>Notice by Electronic Transmission.</b> Whenever the clerk or some other person as directed by the court must send notice by mail and the entity entitled to receive the notice requests in writing that, instead of notice by mail, all or part of the information required to be contained in the notice be sent by a specified type of electronic transmission, the court may direct the clerk or other person to send the information by such electronic transmission. Notice by electronic transmission is complete, and the sender shall have fully complied with the requirement of notice, when the sender obtains electronic confirmation that the transmission has been received. <b>See General Order No. 25-2018 – Electronic Service of Pleadings</b>
	<b>Bankruptcy Local Rule 5005-5</b>	<b>Electronic Filing.</b> The Clerk of the Bankruptcy Court may accept for filing documents submitted, signed, verified or served by electronic means consistent with technical standards, if any, that the Judicial Conference of the United States establishes and that comply with the administrative procedures established by the Bankruptcy Court.
	<b>Bankruptcy Local Rule 5005-6</b>	<b>(a) Attorneys, Trustees, and Examiner.</b> Any document filed by any attorney, any trustee or examiner serving pending in the Bankruptcy Court, or the United States Trustee, shall be filed electronically, unless otherwise permitted by these Rules. <b>(b) Exceptions to Electronic Filing.</b> (1) Miscellaneous Documents, (2) Discretionary Exceptions, (3) Emergencies, (4) Inability to File Electronically, (5) Documents under seal.
	<b>General Orders</b>	Occasionally the Court enters general orders governing the use of the CM/ECF system. All general and administrative orders may be viewed on the Court's web site.

## Technical Requirements

- A personal computer with a current operating system and updated virus protection.
- An Internet connection. The faster the Internet connection, the easier CM/ECF is to use. Participants should obtain fast access to the Internet using DSL, cable or T-1 lines.
- A scanner. Documents not on a participant's computer in word processing files must be scanned to be filed electronically.
- A printer.
- A word processing application. The Court standard is Microsoft Word which allows documents to be converted to the PDF format. Other word processors, such as WordPerfect, have this capability as well.
- Adobe Acrobat.
- An Internet browser. CM/ECF has been tested with Firefox and Internet Explorer 8 and 9.
- Petition Preparation software with the case upload feature. Even though it is not required, the increased productivity of professional Petition Preparation software with the case upload feature may justify the additional cost.
- A PACER account to access reports and documents in the CM/ECF database, in addition to a login and password issued by the Court.
- A valid credit or debit card acceptable for payment of filing fees via CM/ECF.

## Scanning

### Scanning Guidelines

- Resolution should be set to 200 dpi or a maximum 300 dpi.
- Image type should be set to black and white drawing (not gray scale or color).
- Scanned image output or save as format should be TIF (ideally compressed CCITT4).
- Check your scanner software manual for information on how to set output type.
- A test scan should be made, and the file converted to PDF ready for upload to CM/ECF. The PDF conversion can be done with a software package such as Adobe Acrobat. Drag the scanned file onto the Acrobat icon and conversion is automatic. This conversion should not significantly increase the file size.
- The PDF size may not exceed 35MB
