

SPECIALLY SET HEARINGS

Special Set hearings are hearings which will take longer than the allowed 20 minutes on the regular mass calendars (Available Open Calendar Dates). Attorneys should be sensitive to the time constraints imposed by the volume of motions set for hearing. These motions will be scheduled outside the normal noticing requirements.

A party seeking to special set a hearing should call chambers at **404-215-1190`** for a date. (Chambers will ask the estimated time needed **for both sides.**) The moving party must then prepare a notice of hearing and file a certificate of service as in the normal course of business.
