

New Chapter 11 Periodic Reports for Non-small Business Cases

New events:

- Chapter 11 Monthly Operating Report (UST Form 11-MOR)
- Chapter 11 Post-Confirmation Report (UST Form 11-PCR)

Updated event:

- Operating Report

Chapter 11 Monthly Operating Report (UST Form 11-MOR) – this new event can only be docketed if the case is a Chapter 11 non-small business. If a filer attempts docketing in a small business Chapter 11 it will not allow the docketing process to continue. If a case is jointly administered, it will prompt the filer to include member case numbers if the report is not for a lead case. Additionally, it will prompt for the month ending date of the report.

- Bankruptcy Events → Other
- Chapter 11 Monthly Operating Report (UST Form 11-MOR)
- Select Party filer
- Attach PDF (UST Form 11-MOR)
- A combination of the following prompts will appear depending upon how the questions are answered:

Chapter 11 Post-Confirmation Report (UST Form 11-PCR) - this new event can only be docketed if the case is a Chapter 11 non-small business. If a filer attempts docketing in a small business Chapter 11 it will not allow the docketing process to continue. If a case is jointly administered, it will prompt the filer to include member case numbers if the report is not for a lead case. Additionally, it will prompt for the quarter ending date of the report.

Operating Report - this existing event has been modified to add displays to direct a Chapter 11 non-small business debtor to docket the Chapter 11 Monthly Operating Report or Chapter 11 Post-Confirmation Report events instead of using the Operating Report event. Docketing of the event cannot continue if the case is a non-small business case.

- Bankruptcy Events → Other
- Operating Report
- Select Party filer
- Attach PDF

If case is a non-small business, this display will appear:

[20-60233 Delish Deli](#)

Chapter: 11 v

This is a Non-Small Business Chapter 11 Case. Select the **Chapter 11 Monthly Operating Report** or **Chapter 11 Post-Confirmation Report** event using the back arrow button.
